Education

Sep 2023 - Present

Faculty of Engineering of the University of Porto

BSc in Informatics and Computer Engineering

Currently attending the 3rd year of the Bachelor's degree in Computer Engineering at the Faculty of Engineering of the University of Porto, with a current average grade of 15

Professional Experience

Jul 2025 - Aug 2025

Continental Mabor, Lousado (CMIP)

Summer Intern

As part of the 'Conti Summer Internship' program, I developed a project focused on automating the extraction and processing of data related to machine breakdowns, followed by their integration into interactive visualizations. I worked with technologies such as Python, SQLite, and Power BI

Extracurricular Activities

Feb 2024 - Present

Municipal Structure of Political-Party Youth

Coordinator of the Tertiary Education Cabinet

Due to my involvement as a representative in the youth bodies of my municipality and influenced by my interest in politics, I joined a political party. This allowed me to participate in activities and initiatives that were highly enriching for the development of my soft skills, such as public speaking, professional communication, and interpersonal relationships. I was invited to assume the coordination of the Higher Education Office within my structure, a role I currently hold

Sep 2015 - Present

CNE - Portuguese Catholic Scouting

Scout

Member of the Portuguese Catholic Scouting Organization since 2015. Scouting has provided me with unique and enriching experiences, contributing to my personal development in areas such as empathy, teamwork, problem-solving, and resilience. I currently represent my group in the youth advisory bodies of my municipality

Sep 2024 - Present

Mentoring Program of the University of Porto

Mentor

In the current academic year, as part of the Peer-to-Peer Mentoring Program organized by my university, I am serving, for the second consecutive year, as a mentor, assisting a group of students who have just joined my degree program with their integration. Through this activity, I have developed skills in empathy, communication, and problem-solving
